

Taiwan patient group funding

Taiwan Love and Hope Association

The group is the first southern Taiwan organization that promotes AIDS prevention, it conducts seminars and workshops to educate and care for AIDS.

During 2017:

- GSK provided an unrestricted grant of NTD\$250,000 for educational workshops.

During 2016:

- GSK provided an unrestricted grant of NTD\$150,000 for educational workshop.

Our support represented less than 25% of their overall annual income.
